Description

Tripp Lite's plenum-rated Cat6 patch cables are perfect for those long runs that require CMP-rated cabling in ceilings, walls, ducts, etc. Made with solid conductor cable, attenuation losses are greatly reduced over that of stranded conductor patch cables. Cables are pre-terminated with Cat6-rated staggered RJ45 plugs, and pliable snagless boots protect the RJ45 clip during pulls through tight locations. Cables are fully tested on Fluke® test equipment to ensure cables meet or exceed Category 6 requirements. Tripp Lite Lifetime warranty.
